Thank you for purchasing the **Auto AirVent Mount** by **Accessory Power**. Use this convenient car mount for any of your digital devices such as cell phones, GPS, MP3 players, or other devices. It sets up in seconds and is removable when not in use. Enjoy your new convenient and practical car mounting solution.

What's in the box?

- a - Device cradle
- b - AirVent clip

Product Diagram

- 1 - Wing-release buttons
- 2 - Cradle feet
- 3 - Cradle wings
- 4 - Angle joint

Operating Instructions:

Setting up the Auto AirVent Mount in your car

Connect the (a) *Device cradle* to the (b) *AirVent clip* as shown in the diagram below.

Select an air vent in your vehicle that offers easy viewing and access. The (b) *AirVent clip* attaches easily to your vehicle air vent by simply using gentle forward pressure. The (b) *AirVent clip* is spring-loaded and will latch on to your air vent automatically.

After the **Auto AirVent Mount** is secure, press the (1) *Wing-release buttons* and the (3) *Cradle wings* will widen. You can also adjust the (2) *Cradle feet* inwards or outwards depending on the size of your device. For cell phones that are greater than 4 inches in height, please recess the (2) *Cradle feet* so that you can insert your phone in a way that will not block its side-charging port. The **Auto AirVent Mount** will securely hold your device with or without the (2) *Cradle feet* engaged.

The **Auto AirVent Mount** can be adjusted 360° to provide either portrait or landscape viewing. If you find that moving the **Auto AirVent Mount** to landscape view is difficult, please loosen and adjust the (4) *Angle joint* by turning it counter-clockwise.

Troubleshooting

The charging port on my device is blocked while using the **Auto AirVent Mount**.

- Please adjust the (2) *Cradle feet* so that it allows you to position your device without blocking the charging port. The **Auto AirVent Mount** provides a secure grip to mount your device even without the support of the (2) *Cradle feet*.

It is difficult to adjust the **Auto AirVent Mount** from portrait to landscape view.

- Please loosen the (4) *Angle joint* by turning it counter-clockwise. This will make it easier to adjust the mount.

Cautions

- Keep in a safe place free from dust, liquid and extreme temperatures
- Keep small pieces out of the reach of small children

Product Specifications

Holder Dimensions: 2.75 x 3.75 x 1.0 inches (7 x 9.5 x 2.5 cm)

Cradle wings expand to 3.4 inches (8.6 cm)

Weight: 3.9 ounces (110 gm)

Please Always Recycle
