## OPERATING INSTRUCTIONS

### Solar Charging

Attach the **Solar ReStore XL Add-On Panel** on your compatible ReVIVE product.

Place the compatible ReVIVE product and the **Solar ReStore XL Add-On panel** in direct sunlight to begin charging. The LED indicator on the **Solar ReStore XL Add-On Panel** will glow red.

Checking the compatible ReVIVE product and Add-On panel connection :

Verify that the compatible ReVIVE product and detachable solar panel are properly connected:

Place in direct sunlight.

Capacity indicator lights will flash and the **LED indicator** will glow red.

Press the Connection test button on the panel link. The capacity indicator lights will stop flashing and the **LED indicator** on the panel link will turn off.

\*You can also refer to the instruction label on the panel link.

## TIPS

If the **Solar ReStore XL Add-On Panel** is not charging your compatible ReVIVE product then test the connection.

To check connection, line up and press the spring hinges on the panel link to the compatible ReVIVE product.

Please use this product only in the way described in this manual.
